DISCUSSION REGARDING EMPLOYEE COMPENSATION LEVELS. City Attorney Ashley Driscoll said they looked at where the City of Hubbard compares to other cities. She said some of Hubbard's positions are substantially below the market, while some are above or just at the market. She said some of the options discussed are doing a market adjustment, which would bring the positions below market to at-market. The City could also do a partial market adjustment, which would partially bring the positions up to market. Other options include looking at the positions on a case-by-case basis; doing a COLA increase for all employees; or nothing at all. She pointed out that if a market adjustment for the positions below the market is done, the positions above or at-market would not receive an increase this year.

Mayor Jim Yonally asked what the ending fund balances are.

Senior Accounting Specialist Kari Kurtz reported the estimated ending fund balance for this year is \$305,000.

A. Driscoll told the Council staff is looking for direction on how they would like to move forward, keeping in mind the budget is being formed.
