

Prescription Drop Box Program

Did you know the Hubbard Police Department has a prescription drop box?

The drop box is used for the destruction of prescription medication. This program greatly contributes to the Community. It ensures that all used and/or expired medication is getting disposed of in a safe and secure manner. The drop box is conveniently located in the City Council Chambers, located at the Hubbard City Hall, 3720 Second Street. Just take a left right inside the door!

Only prescription medication that is contained inside proper packaging will be accepted. **We do not accept syringes, liquids, over the counter medication, or loosely separated medication.**

If you have any questions feel free to contact the Hubbard Police Department at (503) 981.8738.
