

NEW! Online Utility Billing Statements and Payments-- Available 4/30/16

News Release Date
04-28-2016

Beginning 4/30/16, the City offers online utility billing statements and payments. Please visit www.xpressbillpay.com to register and link your utility account. Aside from online payments, you'll also have the option to sign up for paperless billing and automatic payments, if you so desire. Xpress Bill Pay will also keep up to a year's worth of history on your utility billing account so you can compare your usage to the previous year. You can find instructions on linking your account with Xpress Bill Pay below. When linking the account, do not include the decimal point in your utility account number. For example, use the format "123405" not "1234.05". The current utility bill will be available for viewing and payments on 4/30/16. Contact City Hall at (503)981-9633 if you have any questions.
