

How Do I Deal with a Barking or Loose Dog?

If you are having problems with a barking dog, we encourage you to first contact the dog's owner to see if a friendly resolution is possible. You may find tips on how to approach your neighbors by visiting [Neighbor-to-Neighbor, Inc.](#).

If speaking to your neighbors has not given you a satisfactory resolution, there are additional steps you may take. The City of Hubbard has a Municipal Code that pet owners are expected to follow. Repeated infractions of this Code can lead to fines imposed on the owner(s). If mediation has not been successful, you are encouraged to call Marion County Dog Services. [Their contact information and additional resources can be found.](#) You may also call the Hubbard Police's Non-Emergency Dispatch Number; (503) 982-2341.

If you happen to find a stray dog or a dog running loose, it is best that you call Marion County Dog Services. Their contact information can be found above, and their phone number is (503) 588-5233.
