

Traffic

Traffic crashes are a leading cause of death in the United States. Through traffic enforcement and educational efforts, the City of Hubbard Police Department hopes to reduce the number of accidents and fatal crashes in our community. Every member of our police force participates in a variety of traffic related activities; including patrol and enforcement.

The Hubbard Police Department does several traffic and educational operations during the year, including our Crosswalk and DUI Enforcement. Both of these are grant funded and aimed to both educate and keep the public safe.

The City of Hubbard upholds all Oregon State and Traffic Laws during its traffic stops. To read more about the Oregon Rules of the Road, you may visit the [**Oregon DMV's website.**](#)
